

Internship Opportunities Spring and Summer 2019

Non-Technical Opportunities

- [NASA OSSI](#): One Stop Shopping Initiative is a NASA-wide system for the recruitment, application, selection and career development of high school, undergraduate, and graduate students primarily in science, technology, engineering and mathematics disciplines. Opportunities for students in other disciplines are available. Deadline for Spring: Nov 5. Deadline for Summer: April 1.
 - [Brooke Owens Fellowship](#): Paid summer internships and mentorship for undergraduate women. Applications due November 7 and reopen each year.
 - [Ad Astra Rocket Company](#): Student internships available in Communications/Social Media and Business Development. First year students are strongly encouraged to apply.
 - [Analytical Space](#): Offers term-time and summer internships open to all candidates. Currently has opening for Business Development interns.
 - [Ball Aerospace](#): Applicants must be currently enrolled at an accredited college or university. In addition, applicants must be enrolled for the semester following the internship. This will be a full-time position for the summer in Colorado.
 - [EnerSys](#): Will offer internships, but not currently posted.
-

- [Jacobs](#): Large company with internships worldwide, including in the US space sector.
 - [Kimley Horn](#): Consulting company with clients in the space sector. Lots of intern opportunities across the US.
 - [Maxar Technologies](#): Internships available across four distinct companies.
 - [National Air and Space Museum](#): Positions are available in areas such as aviation or space history, planetary science, digital experience, exhibit and graphic design, communications, and education. Students from all fields of study are encouraged to apply.
 - [Sierra Nevada Corporation](#): Interns benefit from mentoring, coaching and working side by side with knowledgeable and experienced industry experts. Experience real world assignments directly related to your field of study.
 - [SpaceX](#): Spring and Summer internships available at multiple SpaceX locations.
 - [U.S. Space & Rocket Center](#): Also known as Spacecamp. Typical camp job opportunities available.
-

Technical Opportunities

- [NASA OSSI](#): One Stop Shopping Initiative is a NASA-wide system for the recruitment, application, selection and career development of high school, undergraduate, and graduate students primarily in science, technology, engineering and mathematics disciplines. Opportunities for students in other disciplines are available. Deadline for Spring: Nov 5. Deadline for Summer: April 1.
 - [Brooke Owens Fellowship](#): Paid summer internships and mentorship for undergraduate women. Applications due November 7 and reopen each year.
 - [Matthew Isakowitz Fellowship](#): Paid summer internships and mentorships for undergraduate and graduate students with or in an engineering degree. Application open till November 30.
 - [Ad Astra Rocket Company](#): Student internships available in Communications/Social Media and Business Development. First year students are strongly encouraged to apply.
 - [Advanced Space](#): Internship applicants are contacted when specific openings are available on a rolling basis.
 - [AGI](#): Variety of internships primarily in Pennsylvania.
